GETTING KANSANS BACK TO WORK: EMPLOYER GUIDANCE FOR HANDLING JOB REFUSALS

The U.S. Department of Labor (DOL) has released updated resources for employers, workers and states as businesses begin to reopen across the nation.

The DOL emphasized it will take the cooperation of employers, employees and state agencies to prevent unemployment fraud. Claimants should be educated on state requirements that failure to accept suitable work offers may lead to denial of unemployment benefits.

The Kansas Department of Labor (KDOL) states an individual is not eligible for unemployment benefits if they fail to accept suitable work without good cause if a *valid, bona fide offer* (must include acknowledgement from the claimant/job seeker) of work is made. Beginning May 13, 2021, KDOL is required by law (House Bill 2196) to investigate all reported job refusals *within 10 days*. The following considerations will be investigated:

- **Suitability:**
 - Skills
 - Training
 - Experience
 - Capabilities needed for the job
- **Labor Market Conditions:**
 - Prospects for work
 - Number of jobs available in their occupations or skills area, etc.
 - Job/working conditions

KDOL will investigate all reported job refusals

- if the job is determined to be suitable, KDOL will also investigate if they had good cause for refusing work;
 - availability issues such as illness, hospitalization, lack of childcare or transportation, etc. will disqualify an individual;
- if the job is determined to be suitable and the individual failed to accept the work without good cause, they may be disqualified for benefits.

No action can be taken and the claimant may continue to receive benefits if a refusal is not reported.

Kansas employers can report ALL job refusals with this form:

16. Clarifies that individuals of identity theft are not liable for fraudulent UI claims made using their stolen identity
17. Amends a provision of the Employment Security Law pertaining to the quarterly reporting of tax and wage data
 - Under current law, professional employer organizations, or independent businesses that provide leased employees to a client, are prohibited from including a client company's owners and officers in the same UI quarterly report as that company's employees
 - The bill removes the prohibition
18. Revises the Employment Security Law by excluding from the definition of "employment" contractual services performed by a petroleum landman
 - Such services are defined to include mineral rights management and negotiations, development of minerals, research of public and private property records, and title work. For purposes of the bill, "minerals" includes oil, natural gas, or petroleum
 - Such services are not to include services performed for 501(c)(3) organizations exempt from federal income taxation
19. Requires KDOL and the Department for Children and Families (DCF) to enter into a memorandum of understanding to provide for the transfer of information between agencies providing that, upon notification that a UI claimant has become employed, the Secretary of Labor shall notify DCF to determine the UI claimant's eligibility for state or federal benefits provided or facilitated by DCF

Additional Provisions in HB 2196

20. Provides if the contributions collected from negative account balance employers and paid into the Employment Security Interest Assessment Fund for the purpose of paying interest on unemployment advances provided by the federal government exceed the amount of interest owed, any excess amount shall be transferred to the Employment Security Trust Fund.
- The bill prohibits any expenditures from the Employment Security Interest Assessment Fund other than the payment of principal and interest on such advances from the federal government.
21. The bill requires the Department of Labor to develop a form for claimants to establish their identity before a Kansas law enforcement officer.
- The form is limited to one page in length and the Secretary of Labor shall use those forms of identification identified by the I-9 list.
 - The completion of the form and submission by the law enforcement agency require the Secretary to presume the claimant's identity has been confirmed for purposes of UI law.
 - Law enforcement officers, agencies, and the state or any political subdivision of the state receive immunity from civil or criminal liability related to the use of the form if the officer acts in good faith and exercises due care.

In Summary

- Senate Substitute for Substitute for HOUSE BILL 2196 fixes a broken system with common sense and evidence-based unemployment insurance reforms:
 - Builds a better UI system and tightens up processes to serve all Kansans and all Kansas employers
 - Helps small businesses get back on their feet; and
 - Gets to the heart of hiring employees back into the workforce
